Hi Eugenia,

Thank you!!!

We still have to finalize details of grant management, but I am sure the PA/SI Grant will be managed by me, while the 128a will be shared management between Rebecca and I (more Rebecca's responsibility from my perspective, but as the NBFP needs assistance and AML needs support, then I would be chipping in), and I believe the MSCA will be similarly shared, with me taking the Anaconda portion, while she takes the Carson River portion.

We will have all the details worked out by the time the new FY begins on July 1, and let you know who will be doing what so that it is clear for you, and as uncomplicated as possible.

Jeryl

Hi Jeryl,

Thanks for the update. Good to hear that everything's on track. Look forward to seeing the SSA package in the next week or two. And the QAPrp in June :)

Congrats on the new branch and promotion! This is great news! so will you running the PA/SI grant out of your group? Or will Rebecca still managing that part?

Eugenia

Hi Eugenia,

Yes, we are on track.

Thanks for checking in.

I expect to submit SSA packages to you late next week or early the following week, and Draft QAPrP before the end of June, possibly sooner.

We're making good progress on it.

Thanks,

Jeryl

PS: The NDEP AML Program was approved by NDEP Administrator to expand and become its own branch, starting in July, so Rebecca will not be the paper supervisor (she has had very little to do with the Program other than grant authorizations) after that.

I will be the official supervisor of the AML Program at that point, and I will gain 2 additional support staff, probably starting one in early fall, and the other over the winter.

Making progress!

Jeryl

Hi Jeryl,

Hope all is going well. I wanted to check in to see how the site screens and QAPP draft are coming along? As these are both deliverables in the grants, I just want to make sure we're on

track 😊

Thanks,

Eugenia
